JinkoSolar Recognized as Top Performer for PVEL's 2021 PV Module Reliability Scorecard for Seventh Consecutive Time

June 2, 2021

SHANGRAO, China, June 2, 2021 /PRNewswire/ -- JinkoSolar Holding Co., Ltd. (the "Company," or "JinkoSolar") (NYSE: JKS), one of the largest and most innovative solar module manufacturers in the world, today announced that it was ranked Top Performer in PV Evolution Labs' (PVEL) 2021 PV Module Reliability Scorecard for the seventh consecutive time. JinkoSolar is one of only two manufacturers to have been recognized as a Top Performer every time since 2014.

PVEL's PV Module Reliability Scorecard is based on its Product Qualification Program (PQP), which provides independent, long-term reliability and performance data that developers, investors, and asset owners use for their projects.

"Being recognized as a Top Performer is a testament to our commitment to research and development," said Mr. Xiande Li, CEO of JinkoSolar. "Customers globally trust us to deliver high quality modules that are powerful, safe, and durable. We will continue to innovate to ensure JinkoSolar modules offer the best return on investment."

"Congratulations to JinkoSolar for being recognized as a 'Top Performer' for the seventh consecutive time," said Tristan Erion-Lorico, Head of PV Module Business at PV Evolution Labs. "The PVEL PQP and subsequent Scorecard help module purchasers make informed decisions and we're proud of Jinko's long-standard participation in both. We look forward to continuing our relationship with JinkoSolar in the years to come."

About JinkoSolar Holding Co., Ltd.
