JinkoSolar Provides Information on a Fire Accident at One of its Raw Material Processing Workshops

March 17, 2015

SHANGHAI, March 17, 2015 /PRNewswire-FirstCall/ -- JinkoSolar Holding Co., Ltd. ("JinkoSolar" or the "Company") (NYSE: JKS), a global leader in the PV industry, today provided information in relation to a fire accident that occurred at one of its raw material processing workshops in Shangrao city, Jiangxi Province, China.

The fire broke out on the morning of March 17, 2015 and was put out by firefighters within one hour. There were no casualties and the surrounding area and communities were not impacted. The Company estimates the damages to be between RMB0.5 million to RMB1 million. The incident is not expected to have any material impact on the Company's operations, financials or delivery commitments to its customers. The Company maintains insurance coverage for all the manufacturing equipment and has started the process to make the relevant insurance claims. The cause of the fire remains under investigation.

The Company continues to take all necessary steps to ensure compliance with all work safety and environmental rules and regulations.

About JinkoSolar Holding Co., Ltd.

JinkoSolar (NYSE: JKS) is a global leader in the solar industry. JinkoSolar distributes its solar products and sells its solutions and services to a diversified international utility, commercial and residential customer base in China, the United States, Japan, Germany, the United Kingdom, Chile, South Africa, India, Mexico, Brazil, the United Arab Emirates, Italy, Spain, France, Belgium, and other countries and regions. JinkoSolar has built a vertically integrated solar product value chain, with an integrated annual capacity of 2.5 GW for silicon ingots and wafers, 2.0 GW for solar cells, and 3.2 GW for solar modules, as of December 31, 2014.
